

# OPTICA

## OPTICAL FLARE PRESETS

### WELCOME TO THE "OPTICA" PREVIEW!

OPTICA is a pack of 20 professional and advanced presets for Video Copilot's "Optical Flares" plugin. The presets were originally designed by professional VFX artists for use in music videos, commercials, and feature films. Now, for the first time, they are available to anyone looking for realistic and dynamic lens flares inside of After Effects. To purchase the entire pack of 20- plus 10 all new glass and texture elements - [CLICK HERE](#).

### PC INSTALLATION:

Just take the "OPTICA Preview" folder and drop it in:

"Adobe After Effects CC\Support Files\Plugin-ins\Optical Flares\Optical Flares Presets\Lens Flares"

### MAC INSTALLATION:

Just take the "OPTICA Preview" folder and drop it in:

"Applications/Adobe After Effects CC/Plug-ins/Optical Flares/Optical Flare Presets/Lens Flares"
